*I love to WIN. I love trophies and medals, and laurels. What could be more rewarding?
Answer. Helping others win and achieve. Those who know my mentor Del Weston think he is a
nice man. Maybe he is. What he definitely is, is a selfish man.*

Hear me out.

*I'm going to share a secret. The joy of knowing you've
somehow contributed to the success of another's dream or
passion is unequivocal. We're not talking rainbows and unicorns
associated with Hollywood snow. Being that one grain of rice that can tip the scales to one's
achievement is an incredible high and at the same time brings a sense of peace. Few things could
be more rewarding. So selfishly, I've discovered what my mentor Del knows full well. Help people
with effort and drive in their bellies, and who can in turn help others as well. That's purpose and
it brings meaning to life.*

*The theme of this year's NOVA Fest is the 'business' of show business. People in the
industry like to use that catch phrase. We intend to back it up. With the founding of the CAPITAL
Film Market it is our goal to provide a platform to both foster education in the industry and
negotiate legitimate film deals.*

*Beautiful cinematography, gut wrenching acting and a story that will bring you to your
knees are wonderful. But if you want to get it to as many people as possible and have a shot at
continuing to do it, you better understand the numbers and the demographics. I know. It's not as
sexy. However, if you learn and continue to work your tail off, it'll be one of the most rewarding
journeys of your life. If you have the film bug, you understand.*

*In this inaugural launch of the CFM let's continue this adventure together. Let us put our
passion on a spread sheet and simultaneously get it on the big screen. And let's be a little selfish.*

LOGLINE

Hogs...two legged Hogs...the legendary Washington Redskins offensive line, became the best ever to play in the NFL with hard work, and facing major challenges in football and life as one. They also added in a mixture of fun, theatrics, a strong sense of purpose, and a little Native American magic. Together, representing our Nation's Capital, they became Super Bowl Champions and created Hog Heaven.
